

# Neptune™

Composite Toecap

Slip Resistant

The Neptune provides all the benefits of a lightweight safety running shoe, but with the improved protection and durability of exterior leather. An EVA midsole and a silicone gel innersole provides a smooth cushioned ride and shock attenuation. The Neptune is ideal for light industry, warehousing, transport and hospitality. Engineered with specially moulded thermoplastic polyurethane (TPU) shank which reduces torsion flex and durable moulded rubber outsole with heat resistant characteristics. Non-metallic composite toecap complies with ASTM F2413-11 (M I/75 C/75).

## BOOT SPECS

**Size Range:** 5 to 14

**Weight:** 1.19lb

**Color:** Black

## FUNCTIONAL FEATURES

- Low catch sole
- EVA midsole
- Silicone gel innersole
- ForefootFlex
- TPU shank
- Rake10mm
- Knitted polyester lining
- Lightweight and airport friendly
- Meets USA Safety Standards ASTM F2413-11 (M I/75 C/75)
